IGI launches new website.

The International Group, Inc announces the launch of its new, redesigned site. The new site combines both the www.igiwax.com and www.astorwax.com sites into one larger, more user friendly location. The redesign will allow the IGI site to be a valuable resource for customers, containing a host of information regarding wax products, including technical information sheets (TIS), MSDS, and industry specific technical papers. The site will be updated periodically with information pertaining to new products and specific business activities pertaining to IGI.

The new site will use the domain name www.igiwax.com. Users who utilize the www.astorwax.com site will be automatically redirected to the new site.
